Blue flag Altinkum beach, one of the most beautiful beaches in our country, is the most beautiful of more than fifty beaches in Didim. You can swim on this unique beach, sunbathe on its golden sands, or have fun doing various water sports. You can explore the beautiful bays by joining daily boat tours from the harbour. You can meet all your needs in the places lined up along the beach. You have the opportunity to spend the whole day here thanks to Yal? Street, which is very colorful in the evenings with its cafes, bars and discos. There is no problem except that it is very crowded in July and August. If you wish, it is also possible to swim and sunbathe at the Beach Clubs located between the hotels front beach and Alt?nkum.
